EMPATHY MAP

SEE

- Fitness advertisements on social media
- Friends posting gym progress
- Office colleagues sitting all day
- Health-related YouTube videos
- Smartwatch fitness notifications
- Healthy food advertisements

THINK & FEEL

- I should take care of my health.
- My lifestyle is becoming unhealthy.
- I don't have enough free time.
- I feel guilty for skipping workouts.
- I wish exercising was easier.
- I want to become more active.

SAY

- I will start exercising next week.
- I am too busy today.
- I don't have time for the gym.
- I wish there were shorter workouts.
- I need more motivation.

DO

- Works on a computer 8–10 hours daily
- Uses smartphone frequently
- Watches fitness videos
- Downloads fitness apps
- Walks very little
- Exercises only occasionally

KEY USER PAIN POINTS

Lack of Time

Sedentary lifestyle

Low Motivation
